ROGUE RECORD

Volumne XV | October 22, 1948 | Number 2

LIONS' SPONSOR SAFETY PATROL

A Junior Safety Patrol system is soon to be organized for the Rogue River schools by the local Lions' Club and Thomas Walker, Rogue Rivers' Chief of Police.

Dave Franklin, president of the Josephine County Safety Council, addressed the students of both schools Thursday, October 21, in an assembly program sponsored by the local Lions' Club. The speaker is regarded as one of the key authorities on the subject of Junior Safety Patrol organizations.

The students also heard an address by Mr. Walker, who gave a general outline of what the patrol system was. Chief Walker has organized Junior Patrol Systems before and knows the task he and the Lions' Club are undertaking in starting a Junior Patrol System here in Rogue River.

AID FOR HANDICAPS

The State Department of Vocational Rehabilitation has made a request to all the schools in Oregon for their help in finding people over 16 who have a handicap and are, or were, not able to attend school. This department will aid these people by providing hospital or medical care.

(cont. on page 5)

EUGENE DELEGATES

Velma Bryant, the Rogue Record editor-in-chief, and Donna Taylor, business manager, will go to Eugene to attend the twenty-third Oregon High School Press Conference November 4 and 5.

Mrs. Altha Le Roy, Rogue Record adviser is accompanying the girls.

The delegates will return home on November 7.

SCHOOL CENSUS NECESSARY

A school census will begin Monday, October 25. The name and ages of all children who have passed their fourth birthday must register in the Rogue River High School Office.

It is very important that all children register because it is from this census school aid is derived.

The census is being taken on a district basis.

Mr. Alf. B.Mekvold asks that everyone cooperate in getting a complete list.

CLARK CHOSEN EDITOR RO-HI-AN

Betty Clark was chosen editor of the Ro-Hi-An, Rogue River High School Annual, by popular vote of the students in assembly October 12.

Mrs. Westerfield, annual adviser, and Betty Clark chose the rest of the annual staff October 20. As Mrs. Westerfield said, "It was a hard job. There were so many talented individuals in the school from which to choose."

Gwynne Nichols, Joan Ford, John Paisley, Janice Wadley, Friedel Hennicke, Charles Atteberry, Mary Shock, Durward Carter, Rita Jennings, Marilyn Williamson, Neil Wadley, Gene Davison, Frances and Bobby Nixon were selected for the staff.

LOST FINGER

Don Mehline, a freshman in Rogue River High, lost the index finger on his right hand while he was hunting with a neighbor in the hills near Foots Creek on October 12.

He stumbled while he was running and in order to catch his balance, pulled the gun back. The trigger caught on his clothes, the gun went off, shooting off his finger.

DANCE

A Halloween dance will be held in the high school gym next Saturday night, October 30, after the football game with Jacksonville.

MEKVOLD ATTENDS CONFERENCE

Mr. Alf B. Mekvold attended the Administrators Conference in Salem, October 18 and 19. He was back for regular duty Wednesday.

The important points of interest brought out at the meeting will be covered next issue.

BIOLOGY CLASS LOSES SNAKE

A small bull snake disappearing from a shoebox on Mrs. Georgine Clarks' desk last Tuesday caused a lot of concern to her home economics class. They gingerly opened drawers and looked under the furniture thinking they were victims of some prankster. Evidently no tricks were being played as the snake was found the next morning, crushed under the [illegible] on the landing of the stairs leading to the basement.

EDITORIALS

BAD CONDITIONS

Maybe you have wondered why so many people from other states are moving into Southern Oregon. If you have ever lived in a large city you will understand.

You take for granted the open spaces, the stillness during the day, and even your own front yard. But did you ever stop to think of the people who live in those large tenement houses in the city. They have a cement walk for a front yard--three or four families living in the same tenement houses--and the buildings are so close together they would all burn if one should catch fire.

The city officials always talk about removing these old buildings. Sometimes they do, but they rebuild new modern buildings in the same spot and you still have that same crowded fire hazard over again.

The children of these people don't have a safe chance to live and grow. In most cases there isn't a play ground near by. If there is one in the neighborhood it is usually too crowded for safe recreation. The city officials should build places for these children to play instead of taking large sums of money and, in my opinion, build useless statues that aren't much good for anything.

DON'T KNOCK

Knocking is constructive only when done with hammer and nails.

If a man is a jackass, don't talk behind his back.

Before you flare up at anyone's faults, take time to count ten of your own.

Cathrine II of Russia said: "I praise loudly; I blame softly."

The only person who makes a success of running other people down is the elevator boy.

"If you have no honey in your pot, have some in your mouth," says an ancient proverb.

Great boast, small roast.

By looking high, we grow upward.

Don't belittle, be big.

Buster Rothman
Journal of Living

(cont. from column one)

The child who doesn't have a place to play usually turns to the street. He meets the wrong kind of companions, he plays in the hazardous traffic lane, and he is limited in his activities.

These children are to be the future citizens of America. People should be more concerned about the future of their country.

When you are angry at the world, look around you and be glad you have the open spaces, a front and back yard, and a place for recreation. J.Sauer

This paper is published for the purpose of informing the community of school events, interpreting school news to students; and to offer an opportunity in journalistic writing to journalism students.

Seniors To Sell New Pep Hats

The Senior Class have sent for an order of rooter's hats and will start selling them to the different classes as soon as they come in. The price per hat is $1.25.

The hats are designed according to the Wave's Navy hats with brims which turn up or down. Across the brims will be the word "Chieftains." The hats will be in the school colors, kelly green and gold, with the knob on top and the word "Chieftains" in gold and the rest in kelly green.

NEW LAW WANTED

Mr. Speer, a member of the school board, has voiced a thought of many citizens in both Jackson and Josephine counties. "The need of a law to make it illegal to pass a school bus when loading or unloading, is great here in Oregon," said Mr. Speer. Many minor mishaps and one real tragedy have been caused from the lack of such a law.

SAFETY PATROL GETS HELP

The local Lions Club is giving a benefit dance October 23 in the V. F. W. Hall.

The proceeds of this dance will go to help better the community. Along with other things it will buy raincoats, rain hats, belts, and badges for the Junior Patrol System now being formed.

SEVERAL NEW STUDENTS ENROLLED

Three new students have entered in the last two weeks and we have two re-entrants.

Shirley Pinkel of San Fernando, California entered as a freshman.

Edwin Frink from Lakeview, Oregon enrolled into the sophomore class.

Edward Larabee of San Bernardino, California entered the sophomore class.

Gerald Clark re-entered as a freshman. He quit school last year because of poor health.

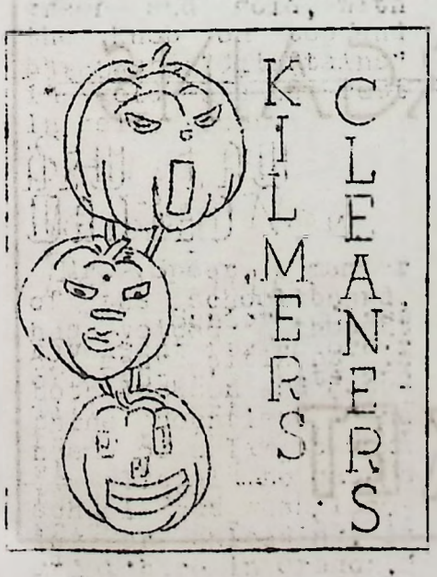
Kenneth Olson of Prospect re-enrolled as a freshman.

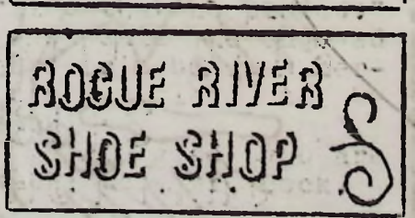
BILL BECK GOES HUNTING

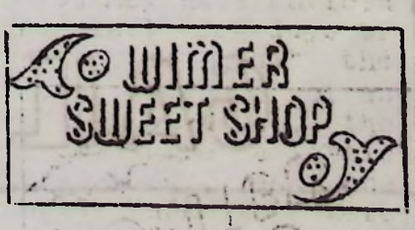
You may have noticed the last few days of last week that the boards were not as clean as usual, the floors were a little more messy, and the waste baskets were over-running. This was because Mr. William Beck, school janitor, was away on a hunting trip.

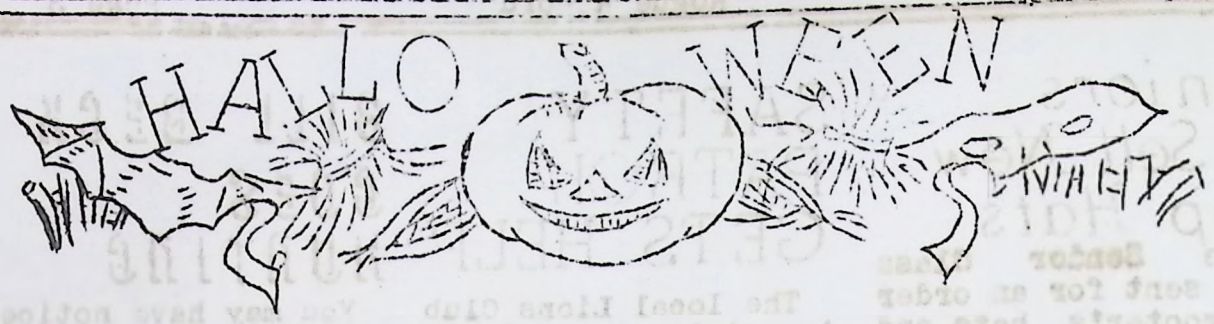
Mr. Beck and three of his friends went to Lake County, Oregon and camped out for four days. Mr. Beck said, "No game was seen, not even on the outside of any automobiles that he passed." He said he enjoyed his trip but was certainly glad to be back.

We're glad you are back, too, Mr. Beck.









Minnie the ghost was a naughty little ghost who loved to play tricks on everyone. She and her playmate, Alice, the witch, loved to roam around nights on Alice's flying broom with Diogenes, the cat, close behind, just to see what mischief they could get into.

It was during the fall months hundreds of years ago that the fatal blow was struck. The People were celebrating the Eve of All Saints' Day, or November 1, and everyone was eating their fill. Minnie and Alice descended upon an unsuspecting group of feasters and really turned loose. They rushed hither and yon to scare as many people as they could. They turned over tables ladened with food, stopped on peoples' toes, tickled someone in the ribs here and pushed someone there. All bedlam had broken loose and the poor people were literally stunned. When the two naughty spirits were through and had gone slinking away giggling to themselves, they decided it had been so much fun they would try to do it every year.

Since then, on the Eve of All Saints' Day, naughty, little Minnie and mischievous Alice come out by the light of the moon to see how much fun they can have in celebration of that riotous Halloween.

SAFETY PATROL

(cont. from page 1)

The members of this patrol will be chosen from both schools, ten from the seventh and eighth grades and five from the high school. To qualify for the position of a patrolman the students grades must be up and they must be a reliable person.

Mr. "Pete" Petrie, who introduced the speakers made it quite clear that the Junior Patrolmen will be backed fully by all law enforcement agencies.

ANNUAL EDITOR CHOSEN

(cont. from page 1)

Nixon are going to do the art work for the annual. Gene Davison was elected to take pictures.

The rest of the staff have not yet been assigned any special duties.

Mrs. Westerfield and Betty decided on having a printed annual this year, but they are finding it extremely difficult to have it printed within their price range. They are now corresponding with different printers and photographers in order to find appropriate ones for the annual.

Happiness is a form of courage.

Handicapped Helped

(cont. from page 1)

Its job is to help people overcome definite handicaps such as: a loss of limbs or eyes. They may be less obvious such as hard of hearing cases, spastic paralysis, or heart trouble. The State of Oregon will help these people financially for tuition fees if it is necessary to enable them to attend school.

This department requests information on cases needing help. If you know anyone with such a handicap over 16, please notify the Rogue River High School office.

NOTICE!!

The next issue of the Rogue Record will come out on October 12 instead of the 5.

There will be no school on October 5 because of the teachers' conference in Ashland. The editor of the Rogue Record will be at the press conference in Eugene on that day, also.

SPANISH CLASS ACTIVITIES

The Spanish I Class, instructed by Miss Grubbs, is using the conversational method in beginning the language study. Nouns and adjectives are being stressed this six weeks. A variety of interesting posters made by the students includes foods, clothing, animals and birds, transportation, members of the family, colors, numbers, home furnishings, business signs and establishments, plants, anatomy, parts of the building, and verbs.

Phonograph records, depicting the home and community, are being used. The activities of the Don Alfred Lopez family aid in bringing the Latin-American accent into the class room.

Fears are the only things that multiply faster than rabbits.

Woman at Work

As my friend and I were driving downtown, we were hailed by a traffic cop. "Hey, you!" he shouted. "Pull over."

We did. The next day the judge fined my friend $25 for speeding. She was anxious to keep her husband from learning of the incident. And so, since he regularly examined her checkbook, she marked the stub: "One pull-over— $25."

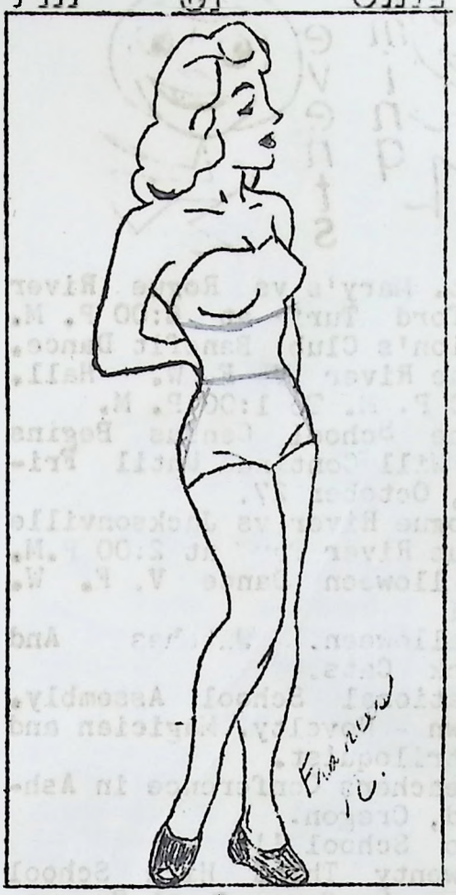
PIN UP GIRL



SUE-ZEE by - GOLDER

Ideas Needed

Frances Nixon, the artist responsible for the pin-up girl above, has a whole notebook full of beautiful girls. Most of them are much more intricate in construction than the above picture but it was impossible for us to do justice to them on a stencil.

She says she will be glad to draw the pictures of a comic strip if she could get together with someone who has the bright idea for its theme.

Do you have an idea?

MOONLIGHT ADVENTURE

In walking down the hall one day I saw a couple of students leisurely talking, and being very cunning, I slipped up beside them just in time to hear the boy ask the girl for a date. The girl was very happy at the time and accepted without consulting her mother. Later in the evening her mother said the girl could not go. The girl insisted stubbornly and do you know what happened? Consult the picture up above.

EIGHTH GRADE

The students in our room have planned a Halloween party at Jacqualine Rowell's for we will be unable to use the grade school gym.

The party will take place after a hayride by the class and Mr. Morrow.

SEVENTH GRADE

Our class held a meeting and decided to have our Halloween party on a Friday afternoon at school. We are now called the "Lazy Seven Club."

SIXTH GRADE

In our room the teacher is reading a book called, "Freckles." We enjoy the book very much, and wish it were possible to finish it all at once.

Jerry Sides is a new student in our class. We have also lost a student, John Fassett.

Nancy Deselle is absent from class on account of sickness.

FIFTH GRADE

The fifth grade has a new student. His name is Duane Sides.

The class has recently lost two of its students: Martin Fassett, who moved to Grants Pass and Robert Demond, who moved to Sams Valley.

FOURTH GRADE

Our class has been studying plants and animals. The boys are bringing spiders and their insects.

Plans for our Halloween party are being made by a committee chosen from our class.

SECOND GRADE

In our room we have had three new students join us. Their names are Allen Steinheart, Leon Rupp, and Jane Sides. They make a total of 37.

We are working on Halloween decorations and leaves.

FIRST GRADE

Our teacher is reading "Peter Peter Pumpkin Grower" to us.

We are also continuing our work in Animal Books and are starting to read, "Look and See."

Deckleman Review

The Rogue River High School football squad will pit its once defeated team against a strong St. Mary's "six" Saturday evening, October 23, on the Medford High School field. The Rogues will enter the fame as slight favorites due to their more impressive record. They have suffered one loss this season, that being a 34-20 loss to a Talent team with the best organized pass offense in the county. Then the Rogues broke back into the win column by downing Butte Falls 48-0. On Oct. 16 they flew past Prospect 24-6. In these two games the Rogues showed 100 percent improvement.

St. Mary's does not show quite such a good record. So far, they have lost 2, won 1, and tied 1. They took their opener 18-0 from a stubborn Butte Falls team, but then lost to Prospect 34-24. Oct. 9, a fast improving Gold Hill team fought them to 36-36 tie. Last Saturday Jacksonville, an undefeated team, downed them 8-0 in a close, hard-fought game.

The Rogues still have a chance for a tie in the county championship if they remain undefeated from now on, and another team defeats Talent. St. Mary's is out of the lead, but they will be seeking revenge for the 28-0

(cont. next column)

PROSPECT BOWS OUT

Saturday October 16, the second win of the season was recorded as the gun ended the final quarter 24-6 and the hard fighting team of Prospect took a bow.

The score ran close 6-6 at the end of the first half. The second half went into play with the Rogues receiving and Jack Burk, who plays left half, taking the kick all the way for another tally. The extra point was tried, failed and it left the score 12-6. As the game went on the score for the Rogues slowly walked ahead. The last six points the Rogues racked up were made by Pete Purrier, the center, on an intercepted pass and a beautiful run back. Larry McBee scored first on a line drive and went 23 yards for the welcome score.

The yards gained were quite equally divided with the Rogues riding high with 458 yards and the Cougars closed behind with 397 yards.

The starting line up:

Jack Burk, left half and captain.

Jim McBee, quarter.

Larry McBee, fulback.

Dick Deckleman, left end.

Pete Purrier, center.

Darrell Graves, right end.

setback they received at the hands of the Rogues last year.

TEAM CHOOSEN

The members of the volley ball teams have been choosen by Mrs. Altha Le Roy, girls physical education instructor. She has not, as yet, placed them in first and second string. The names now stand as follows: Betty Simmons, Iris Gochanour, Lu Eze Tracer, Mary Shock, Joan Ford, Gwynne Nichols, Dorothy Wilson, Ruby Twiest, Marilyn Geier, Helen Jensen, Jeannine Sauer, Edna Stewart, Shirley Davis, Shirley Howell, Pat Kile, Monica West, Juanita Skevington, Friedel Hennicke, Donna Crissman, and Marilyn Williamson.

The instructors of both Rogue River and Gold Hill girls physical education classes are trying to arrange a volley ball game here in the Rogue River gym, Thursday, Oct. 28.

ROGUES VS. BUTTE FALLS

On October 8, the Rogues met Butte Falls on the local turf. The Rogues gained the lead of 48 points by the third quarter but Butte Falls requested they play the full game.

The final score was 85-0.

Butte Falls enrollment is thirty pupils. Competition with larger schools has been too great and they have withdrawn from the league.
